How to find materials

The Caribbean Nazarene College Library uses the Library of Congress classification system (see Appendix). Each library item has a unique call number, a combination of letters and numbers, which indicates where it is placed on the shelves, e.g. BF636 .P764.

To find any material in the library you should consult the online catalogue, Alexandria, which is accessed via the website https://cnc.goaleandria.com. Click on the library site that you wish to check.

![Select a Site](image)

You will then see the following screen:

![Alexandria](image)

If you just wish to see if a book is in, click on Scout. You will then see the following screen:
Enter the title, author or subject that you wish to locate in the Scout search box and hit the enter key. Note the words, Show Out, located in the upper right corner. Items that are out or not available will not be seen unless you click on the words Show Out. Items that are available have a green In corner on their pictures.
Items that are out will have a red Out corner on those items’ pictures.

Each item lists title, call number and status (In - on shelf, Out - not available/borrowed). Items from the West Indian collection have a W.I. prefix, e.g. W.I. BF636 .P345. Items from the Reference collection have a REF prefix. Music CDs have a MSD prefix. Other audiovisual items have an AV prefix. Take note of the call number, and the item location.

At the Centre libraries, all resources except student theses are in the same room. You will have to ask the Centre Coordinator for access to theses. At the Wesley Harmon library, student theses and other reserve items (textbooks, CDs/DVDs) are located behind the circulation desk.
If you are not sure of the item’s location, you may check Researcher in Alexandria. Log on to https://cnc.goalexandria.com and after selecting the library site, click on Researcher, then log in using your username (library account number) and password (your surname).

When you have logged in, you should see the following screen:

Enter the item in the Researcher search box and then click search. Items related to your search should appear on screen:
Click on ‘Show copy information’ to see the item’s location. You should then see the following:

If the location is blank, Reference or Main then the item is located in the open area of the Wesley Harmon Library. If the item’s location is Reserve, then it is located in a restricted collection (reserve, thesis, audiovisual) and you will have to ask the library assistant for access to it. You must present your student ID to the library assistant for access.
To get items located in open access areas, make a note of the item call number from the catalogue entry. Locate the shelf that contains the call number range the item falls into and browse the shelf for the item. Items are shelved in alphabetic and decimal order, as shown below:

- LB1051 .A245
- LB1051 .A25
- LB1051 .A256 1938
- LB1051 .A3

If you experience difficulty in locating the material you are looking for, please do not hesitate to consult any member of the library staff. If the item you want is on loan to someone else, you may request that it be held for you on its return to the library, either in person or by logging in to Researcher in Alexandria. Students will be notified of the item’s return by email. If the item is not borrowed by the student who placed it on hold within 24 hours, it will be returned to the shelf or given to the next person on the hold list.

**How to borrow materials**

Students must fill out a library registration form to receive their library registration numbers. Only after forms are returned will students be able to borrow materials. Registration forms are available from the library assistants. Students take the items to be borrowed to the circulation desk and present their CNC student IDs. The library assistant on duty will issue the books to you after stamping the due date and desensitizing the materials. Borrowing ends fifteen (15) minutes before closing time. Students must also present CNC student ID to use restricted materials from the reserve, thesis or CD collections. A student is responsible for all materials borrowed on his/her account. No loans will be made to registered students without their ID cards with the exception of new students who have not yet been issued IDs. A **student may not borrow items for another student. A student will not be allowed to borrow materials if there are unpaid fines on their account.**

Undergraduate students are allowed to borrow ten (10) items. Graduate students are allowed fifteen (15) items. Loan periods are normally 14 days unless the item is from the reserve collection, which may be 7 day, 3 day or overnight loans. General loans may be renewed if the items are not from placed on hold by another student. **Items from the reserve collection may**
not be renewed. Late fines must be paid before items can be renewed. Items may be recalled from students after they have had materials for 7 days.

How to return materials

When the Wesley Harmon library is open, all borrowed books should be returned to the circulation desk by the date stamped. If the library assistant is away from the desk, items may be deposited in the book drop box at the circulation desk. When the library is closed, items may be deposited in the book drop box outside, located at the top of the staircase leading to the back entrance of the library. Loans from Centre collections should be returned to the Centre Coordinator.

Overdue fines, lost materials and other penalties

Late book returns are given a late fine of a $1 per day per item from the general collection. Reserve items have higher late fines. If a borrower loses a book, he or she is responsible for paying the replacement cost plus processing cost ($50). If books are not returned to the library after two (2) semesters, the items will be considered lost and must be replaced by the individual who borrowed them. Books on reserve are considered lost if not returned after 14 days. Students who return library materials in a poor condition (warped, mildewed, pages missing, pages defaced or damaged) will be fined $50 and/or asked to pay for a replacement.

Students found removing reference or other materials from the library without permission from library staff will be charged a $50 fine and/or denied library privileges for a period of time not less than a month.

Students who have failed to return library materials, pay for lost materials and/or pay outstanding fines are considered in poor standing with the library and will not be allowed to borrow books or be eligible to graduate until library clearance is obtained and passed to the Registrar. Library infractions fall under Academic Disciplinary Policy as outlined in the CNC Student Handbook. Appeals to penalties instituted by the Librarian should be directed to the Dean of Academic Affairs.
